

## Sewn Slings Utilizing Pensafe, Inc. Adjuster Buckle

Carrollton, Georgia {November 20, 2008}

Southeastern Safety Products, Inc. d/b/a Rescue Technology announces a product inspection notice on Slings made with Pensafe, Inc. buckle part (1222, Lot 07 C1) produced between June 16, 2008 and November 14, 2008. This buckle is widely used in the rescue and fall protection industry.

In a limited number of production items, this buckle may have slippage that exceeds our product specifications. We are working with Pensafe to determine the cause of the slippage. Other production lots of this buckle perform within our specifications.

**The inspection notice is limited to products made with Buckles Stamped : 07 C1.**

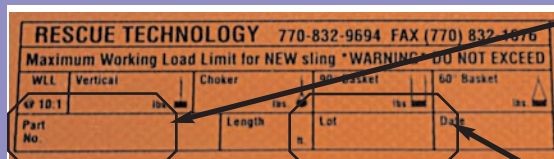

### To Inspect:

1. Verify the Rescue Technology Part Number: 620185, 620189S, 756104, 756105, 756106
2. Verify the Rescue Technology Lot Number: See list at right.
3. Locate the Gold Adjuster Buckle.
4. Look at the stamped/forged mark.
5. If the Buckle is stamped 07 C1, call Rescue Technology Customer Service for a Return Authorization. If the Buckle has a different number, the equipment may be returned to service.
6. A new product will be shipped to you after the returned part is received.

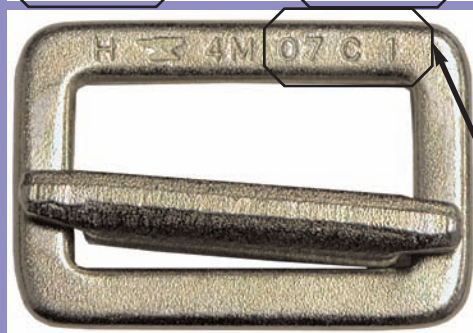

If you are unsure of the inspection process, or would like us to inspect it for you, please contact Rescue Technology and request the Peninsula Buckle Inspection Service.
